Many of our students are appearing in the Catholic Performing Arts Festival as part of the music program this term. The groups performing include a Year 1 class choir, a 4-6 recorder ensemble, the school band and one of our students, Caleb Ogle, has entered the piano solo section. The school band have just discovered that they were awarded a Certificate of Merit for their outstanding performance! The school choir is preparing for their big night at the Perth Arena where they will be part of a new Australian record for the largest primary school choir ever assembled.

We hope you have a chance to come along to enjoy our performing arts concert at school on September 7th 7-8.30 pm. This concert features many of the music entries and our wonderful school entries in dance as well!

In music classes, students from year 4 to 6 spent most of Term 2 working together as a class band and learning to read music notation. Our annual Battle of the Bands resulted in the Eagles class being voted, by the judges, as best performers on the day with their Swing Low, All Night, All Day, instrumental. This term the Year 5 and 6 students are creating music using ‘Loopy’ a music recording app. Year 4 are working hard at enhancing their music writing skills. Having spent Term 2 learning recorder, Year 3 are now learning how to play other instrument parts to add to the texture of songs. Year 2 have already done a lot of work on texture and timbre and are learning to sing in rounds, preparing for an in-class group performance. The Year 1 class are spending some of their sessions preparing for their big performances in the Performing Arts Festival.

This term we have introduced an instrumental program run by Primary Music Institute. Many students have already started lessons on Mondays after school - it will be exciting to find out what new instruments we might be able to add to our school band!!

Tim Maxwell (Music Coordinator)
