Science	Emmanuel Kunka	Tilley Woodcock
Sport	Ruby Solomon	Samuel Marcellino
Uniform	Zac Battistessa	

In Year One J we have been learning a variety of Paul Swan games to assist us with our Mental Maths. These games assist in fostering the development of mathematical skills and understanding. The children have thoroughly enjoyed interacting with peers in learning how to play Lu Lu and Tug-a-War.

Lu Lu

A simple game to assist in problem solving and reasoning with 2 coloured counters.

Tug-a- War

"I have 3 beads, you have 7 beads, together we have 10."
